

COUNTERFEIT DETECTION handheld UV light

Will detect both Canadian and US counterfeit money.

FOR CANADIAN: If the bill is good, only the planchettes (small greens dots) fluoresce a blue color, while the rest of the bill does not change color. If the bill bad, the whole bill will glow.

FOR US: If the bill is real, there is no color change. If the bill is bad, the whole bill will glow.

OTHER USES: Will detect hologram on credit cards, passports, driver's license, travelers cheques.

*Simply scan the light
across the bill.*

4 "AA" Batteries needed.
